Requirement Analysis:	Statement of Work (SOW), Detailed Complete Specification (DCS), Business Requirement Documentation (BRD), User Stories, Acceptance Criteria, Gap Analysis
Methodologies & Design:	Agile/Scrum, Business Process Modeling, User-Centered Design (UCD), System Usability Scale (SUS), SDLC, Data Governance
Analytics & Tools:	SAP Analytics Cloud Certified, SQL (PostgreSQL, MySQL), Excel/Spreadsheet Data Modeling, Flowcharting, Jira/Linear (Plane), Figma
Technical Background:	REST API Design, Database Schemas, Python, TypeScript, Node.js, Docker, Web/Mobile Applications
Soft Skills & Leadership:	Stakeholder Management, Technical Communication, Workshop Facilitation, Public Speaking, Cross-Functional Team Leadership

PROFESSIONAL EXPERIENCE

Business Analyst & Full-Stack Developer Intern, PT Gunung Amal Solution Internationals	Bandung, Indonesia Feb 2025 – Feb 2026
- Served as primary Business Analyst to design functional specifications, database query logic, and process flows for the company's Audit Trail Management System, ensuring strict adherence to data security and audit compliance standards. - Authored comprehensive Statement of Work (SOW) and Detailed Complete Specification (DCS) documentation for internal HRMS and Project Management systems, bridging executive stakeholder goals with developer deliverables. - Facilitated Agile (Scrum) sprint planning sessions, product backlog prioritization, and User Acceptance Testing (UAT) with key business users. - Mapped end-to-end database relations and workflow bottlenecks in PostgreSQL, streamlining internal project tracking.	
Co-Founder & Business Solution Lead, TSP Digital	Bandung, Indonesia Aug 2025 – Jun 2026
- Led business discovery workshops and client requirement scoping for 10+ commercial web and mobile products, maintaining a 100% on-time project delivery record. - Translated business operational challenges into actionable product roadmaps, leading the design of an AI Skill Gap Analyst system that improved candidate screening accuracy by 92%. - Managed client SLA agreements, project scope control, and development resource allocation, reducing new project codebase setup overhead by 40%.	
Project Coordinator & Staff, Digital Language Learning Center (DLLC) BINUS	Bandung, Indonesia Feb 2023 – Feb 2026
- Coordinated 7 international collaborative projects between BINUS University and global partner universities, managing cross-cultural communication, scheduling, and milestone reporting. - Invited speaker at the [German Workshop (BIFEST 2024)], presenting to 200+ students on international career opportunities and linguistic competency.	

FEATURED ANALYTICAL & PRODUCT PROJECTS

MyLinux, MSME No-Code Digitalization Platform (ICISS 2026 Paper) [Live Platform] [GitHub]	2026
Conducted end-to-end user research using User-Centered Design (UCD) methodology to create a digital catalog platform for Indonesian MSMEs. Co-authored research presented at ICISS 2026, achieving a System Usability Scale (SUS) score of 85.0 ("Excellent").	
ONVLO, Detailed Complete Specification (DCS) & Architecture	2026
Created exhaustive product specification documentation defining functional modules, user roles, security authorization matrix, data schemas, and API integration specifications for enterprise SaaS.	
Pangkalan Data Taman Kehati, Ministry of Environment Tracking System [Live System]	2025
Gathered system requirements and modeled data structures for a full-stack environmental biodiversity tracking database, establishing Redis caching policies and automated testing protocols.	

EDUCATION, CERTIFICATIONS & HONORS

BINUS University (Bina Nusantara), Bachelor of Science in Computer Science (Minor in Data Science)	Bandung, Indonesia Expected 2026
Academic Honors: Recipient of the BINUS Outstanding Student Award. Professional Certifications: SAP Analytics Cloud Certified (SAP), Google AI Professional Certificate (Google). Public Leadership & Speaking: Finalist at [Duta Bahasa Jawa Barat 2023] representing Bandung City; Branding & Public Affairs Staff at BINUS English Club (boosted engagement by 45%). Honors & Hackathons: Finalist at ICP Chain Fusion Hacker House 2024 (Bali), Competitor at ICPC Asia Jakarta Regional Contest 2024.
